CEO & Founder

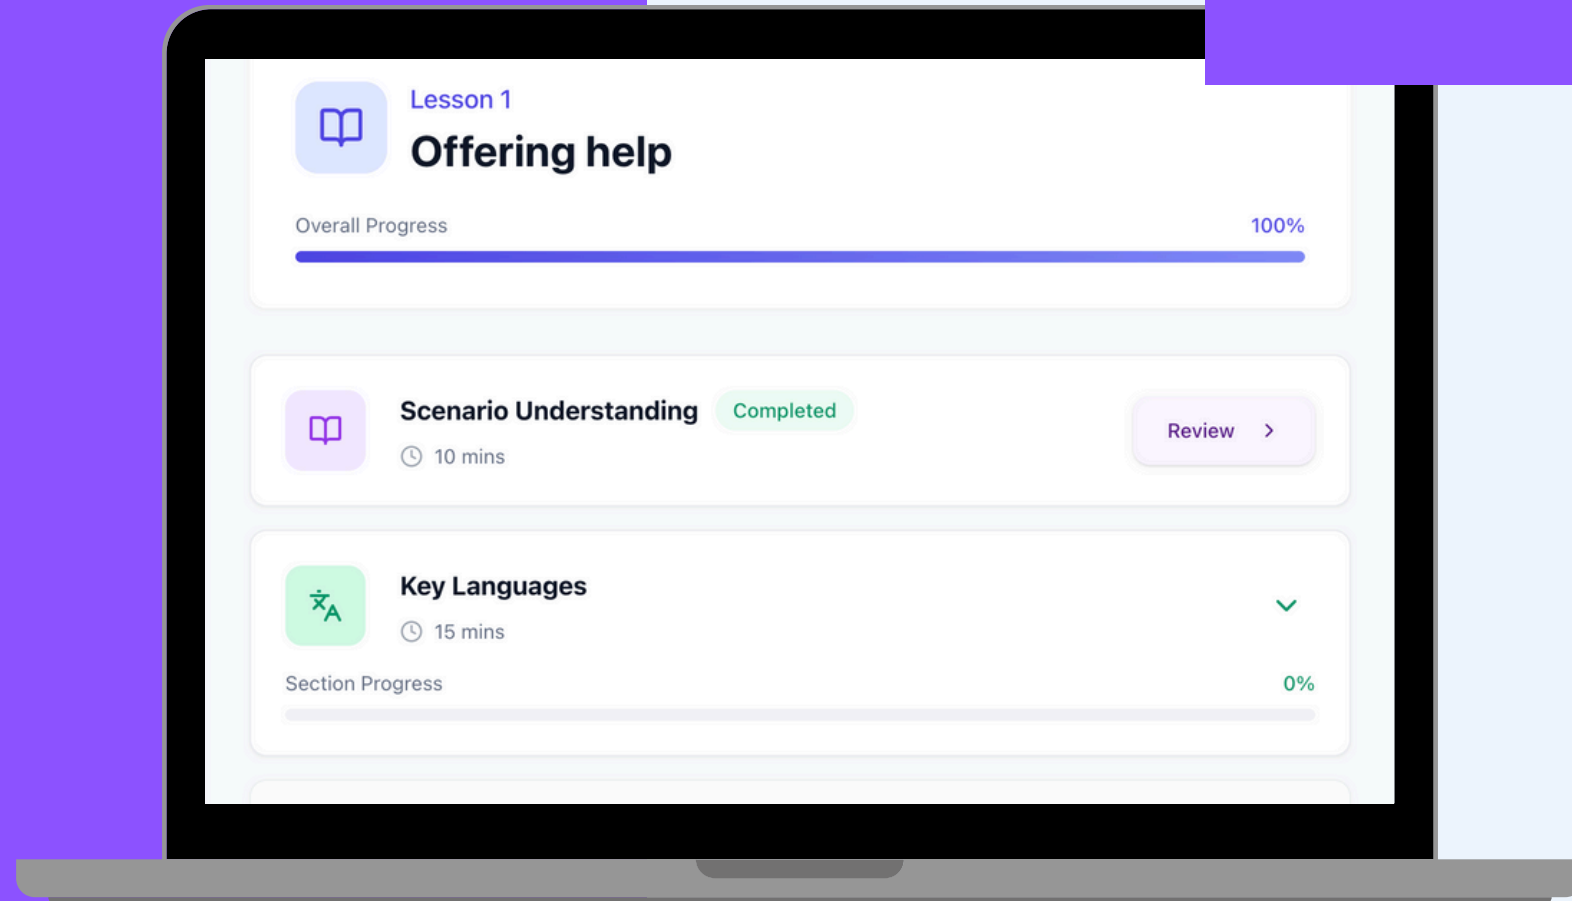

ABOUT FLUENTPRO

30 Years In The Making

FluentPro builds on 30 years of expertise, including training global leaders like HSBC and J.P. Morgan, to teach the Business English needed for real-world success.

Combining AI with interactive simulations and personalized feedback, it helps teams communicate effectively and achieve measurable results—all with the same quality that top companies have trusted for decades.

4 KEY BENEFITS

Interactive, Personalized, and Flexible Learning

Real-world practice scenarios

Practice business English in realistic situations like presentations without the pressure of real client interactions.

Personalized Training

AI tutor adapts to each team member's role, whether they work in finance, hospitality, or technology.

Flexible Learning

Access FluentPro anytime, anywhere - no fixed classroom hours or scheduling conflicts.

User-friendly experience

FluentPro is Desktop and Mobile Friendly

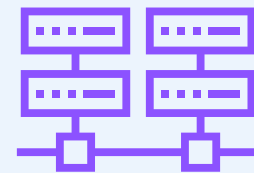

SAVE TIME AND RESOURCES

Simplify Training for Large Teams

Learn On Your Schedule

Learn whenever works best for staff, whether early morning or late night.

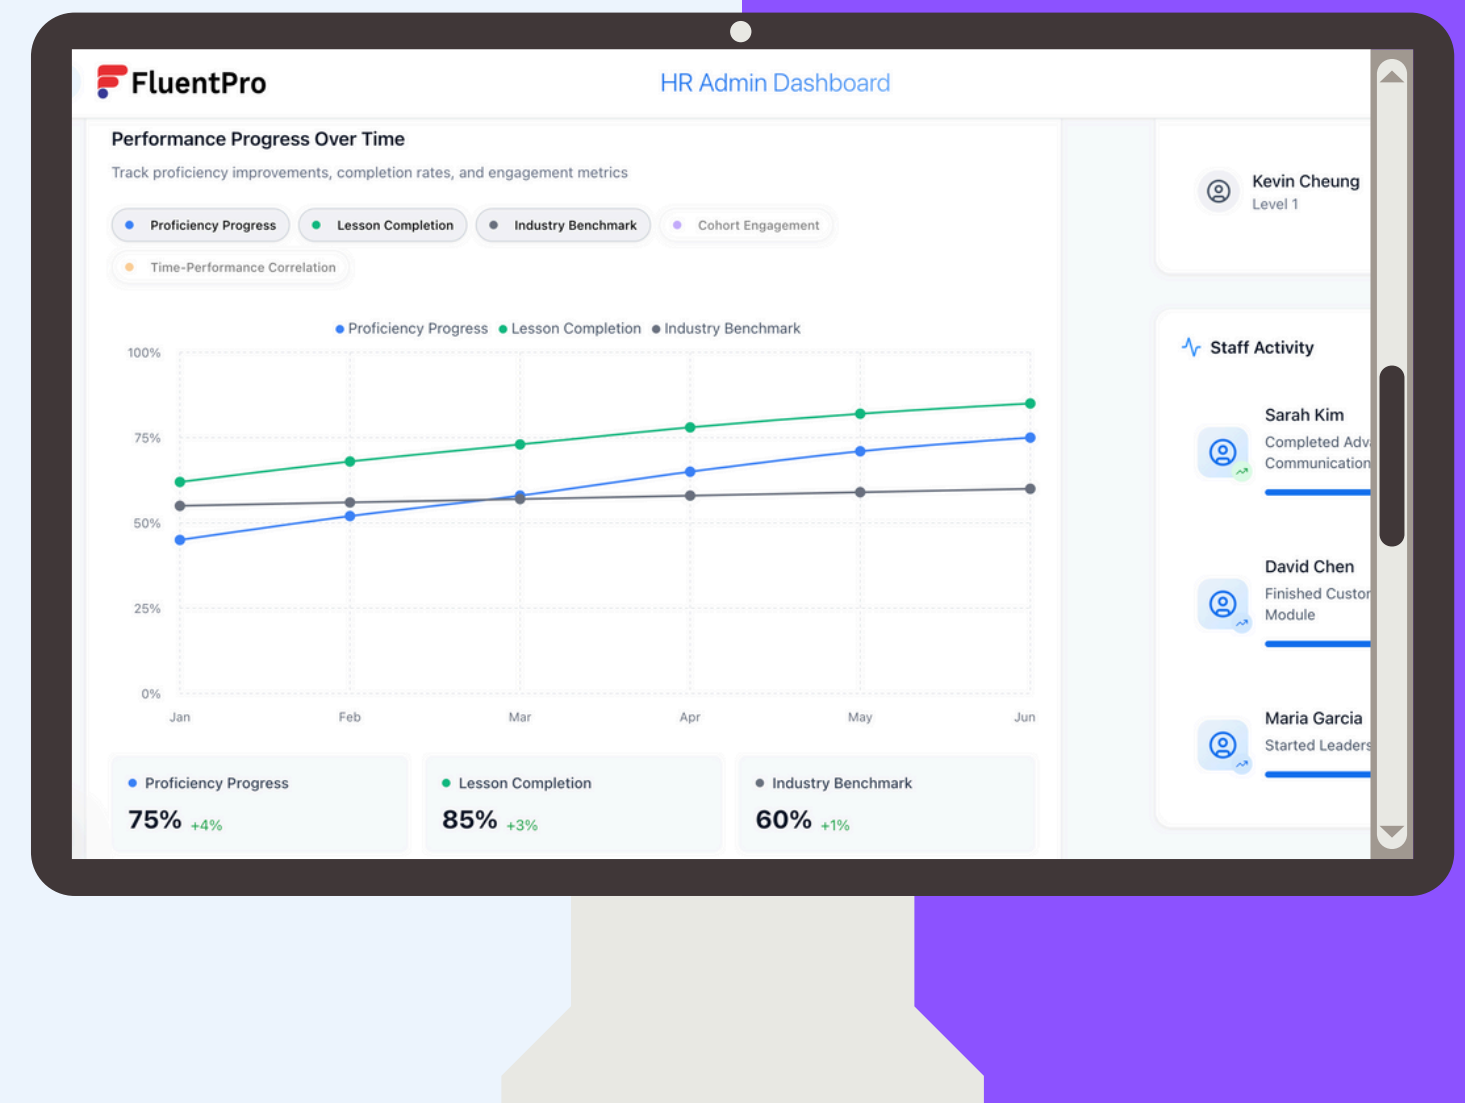

24/7 Access

Access powerful lessons whether at home or in the office.

Progress At Your Pace

Each team member learns at their own pace
